

Laguna Longa

GOURMET DAY CRUISE

COME AND EXPERIENCE THE HIDDEN
TREASURES OF VENICE LAGOON

LAGUNALONGA: MORE THAN A CRUISE

Lagunalonga cruises offer the best introduction to Venice's secret beauty. Enjoy the comfort of our exclusive Linssen yacht and experience a cultural adventure exploring the entire lagoon network. You'll discover the secret heart of Venice: priceless architectural and archaeological heritage, pristine nature reserves and rare handicraft products.

The unique day excursion offers a flexible and fascinating programme. You may choose your favourite itinerary from the six suggestions. For example, you can visit the convent of San Francesco del Deserto, the fishing village of Burano, the magnificent basilica of Torcello. You could even take a refreshing dip in the sea from a sandy beach.

You may choose from two formats: half-day with one meal, or a whole-day cruise with two meals, and four overall schedules: from morning to afternoon (9 am - 17 pm), afternoon to late evening (2 pm - 10 pm), morning to night (11 am - 2 am), and morning to next morning (11 am - 9 am) including night on board and breakfast.

A GOURMET CRUISE

The Lagunalonga cruise includes meals prepared on board by our renowned chef, and served while slowly cruising along the wonderful shifting landscapes of the lagoon. The Gourmet Cruise offers finger food and a four-course dinner. The Special Gourmet Cruise offers a three-course lunch, a five-course dinner, as well as breakfast if you spend the night on board. Our first-class organic wines are included, of course.

An optional concert with our favourite jazz singer, who re-interprets Venetian old songs, can be arranged to accompany the aperitif. Meals and concerts take place once we set sail to take advantage of the fresh breeze. The cruise also includes two stops and guided tours on the islands, with the entrance fees to museums and monuments included.
